

BORDERPOL

2018 CORPORATE PARTNERS PROGRAM

About BORDERPOL® The World Border Organization

BORDERPOL is a nonprofit organization based in Ottawa, Canada. With bureaus in Europe, Asia and the Americas it is focused on international border security, traveler and migration management issues. With a renowned team of experts from border agencies across the globe, BORDERPOL provides networking and consultative services specializing in airport security, trafficking in human beings, counter-terrorism, customs, immigration and maritime security.

BORDERPOL was founded in 2003 to address border security management issues at the intergovernmental level. Its purpose was, and remains, to bridge policy and program gaps in transnational border management and to bring together diverse lawmakers, border and law enforcement managers, stakeholders with interests in border security, traveler and refugee/migration management. With the inclusion of industry, academia and security experts at the annual BORDERPOL Global Forum it has become the peerless annual go-to event in the international border management community calendar since 2012. The 7th BORDERPOL Global Forum was held in Prague, Czech Republic April 11-12, 2018.

Maximize the impact of your company's marketing efforts by becoming a BORDERPOL Corporate Partner and gain targeted exposure to the most influential people in border management. Corporate Partners provide an important role in supporting BORDERPOL's mission. In return, BORDERPOL recognizes and promotes the value of its Corporate Partners.

The benefits derived by your company's support of BORDERPOL activities include: becoming part of an entity that is considered as the most respected multi-jurisdictional organization for border protection policy-makers, practitioners, and security industry professionals.

Corporate Partners will have the chance to have representatives attend and mix with international border officials at the annual BORDERPOL Global Forum. No other event brings together as many international border agencies. You will meet attendees from over 50 different countries joined together to exchange information and learn new ways to plan for and solve the critical issues faced by border agencies worldwide.

Corporate Partners Program (CPP) benefits include:
